SOON TO BUILD FOR PRIVATE FIRMS

Within Three Months Virgina Ship Corp., Will Lay Commercial Keels

ANOTHER LAUNCHING

Work on Government Contracts Have Advanced so Far That Outside Contracts Now Will be Taken

Within the next three months the first commercial keel will be laid in each of the yards of the United States Steamship Company at Groton, Conun., and at Alexandria, Va. That is to say, the work on Government contrats will have advanced so far that the keel for the last Government boat will be laid before that time, leaving the ways open for private work. With one commercial keel laid in each yard the company will still have on the ways eight Government ships, and as fast as these are launched other keels for private owners will be laid.

At the Alexandria, Va., yard a 9,400 ton steel steamer, the Caratunk, will be launched next Saturday, according to present plans. At that yard the berth system work has been established, which makes each ship practically a factory by itself, there being a superintendent of constrution for each, and he is held responsible for the entire work on that ship. This is regarded the most efficient method of ship construction, and ensures the best character of work, combined with rapid construction.

Besides the Caratunk, there are three other ships at Alexandria which are rapidly nearing the point where they can be launched. At Groton there are six boats on the ways at present, three of them being of 8,800 tons, and three of 9,400 tons.

An interesting testimony to the charater of work turned out by the United States Steamship Company's yards is contained in a letter from the Emergency Fleet Corporation Division of Operation at Boston to the Groton officials, stating that the Worcester, recently turned over to the Corporation, was found to be in the best condition of any boat that has been turned over to that Division to operate.

REPEALS DAYLIGHT SAVING

Law Repealed, and Fate Rests With President

The Daylight Saving law was repealed by the Senate yesterday in passing a bill which has been passed by the House. The measure goes to the President, and it is generally believed that it will be vetoed, as was the agricultural appropriation bill, which carried a repeal rider. The vote in the Senate on the repeal was 41 to 12.

The debate on the bill was brief, Senator Summins leading the fight for repeal and Senator Calder making the principal speech for retention of the present law. Senator Calder said he was confident that the President will veto the measure and that the Senate was wasting time in considering it. He declared that a majority of the people, especially those in the industrial centers, want the law to remain.

CHARGE AGAINST YOUTH

Thomas M. Bare Landed in Jail to Await Preliminary Hearing

Harrisonburg Aug. 2.—Charged with robbing and burning the home of Isaac W. Custer near Genoa, on the night of July 5, Thomas M. Bare was arrested Thursday in Brock's Gap and was brought to this city and is now in jail awaiting a preliminary hearing. The arrest followed an investigation of the fire by G. W. Scott agent of the State Insurance Bureau. It was stated on the night of the fire Custer left a sum of money amounting to approximately $150 at home, while he and other members of the family attended church. The fire broke out during their absence and the house burned to the ground. Bare, sixteen years old, was not at home for several days following the fire, according to charges.

400 POTOMAC YD. MEN TO STRIKE

Will Join 300 Southern R. R. Strikers By Monday

CONFERENCE TODAY

Men Here Addressed by International Officers—Shops Closed Tight—Another Meeting at 5 p. m. Today.

Ninety per cent of the 400 employes at the Potomac Railroad yards have voted to join the 300 striking employes of the Southern Railway shops here.

The machinists, boilermakers and sheet metal workers at the Potomac yards will go out this afternoon and the others it is expected will go out Monday according to officials of the striking union men of the Southern Railway Company.

The strikers held a conference this morning at which time a number of officials of the union were present and addresses were made.

The men stated that they will not return to work until the present wage scale is increased or the high cost of living is reduced. The conference last from 10 a. m., until 12:30 p. m.

Among those present today who addressed the strikers were District Chairman McGillivery, of the southeastern division of Machinists; T. J. Garvey, president of the southeastern division; K. C. Little, president of the sheet metal workers; W. H. Ellis, chairman of the carmen; H. Gladwell, general chairman of the boilermakers; W. E. Eberhardt, chairman of the electrial workers, all of whom are international officers.

In addition to the 300 men of the Southern who went out yesterday it was announced today that all of the foremen, numbering seven, also have joined the strikers leaving no one in the shops but the master mechanics.

With the Southern shops here and the Potomac yards closed it will seriously effect the movement of trains and badly crippled the railroads.

Reports received today by the union officials are to the effect that all of the men at the shops in this section are joining in the strike and it threatens to tie up every railroad in the United States.

Another meeting of the men is scheduled to be held at 5 o'clock this afternoon at which time it is expected addresses will be made by some of the international officers. The international officers are conferring with the Railroad Administration officials.

SNAKE ON CHILD'S LEG

Martinsburg, W. Va., Aug. 2.—In returning from a carnival here the little daughter of Mr. and Mrs. V. G. Brown began crying and complained about something being around her leg. Upon investigation by the mothr, after removing the child's clothing, a small black snake was found coiled tightly around the upper portion of the child's limb.

The snake, which had its head considerably lacerated, was thought to have escaped from the snake show, as it was an exhibition of the snake charmer to place a reptiles head in his mouth and chew on it.

NATION-WIDE STRIKE IS ON

Workers in Railway Shop In West and South Quit Work

AGREEMENT IGNORED

Men Will Not Await Consideration of Demands—About One Hundred and Fifty Thousand Out.

Chicago, Aug. 2.—Officers of the Chicago district council of the Federated Shopmen's Union, which called a nation-wide strike of railway shop workers yesterday morning were favorably impressed by President Wilson's request today that Congress create a commissoin to consider wage increases for railway employes.

When reports were received that the President had suggested that any wage increase be made retroactive to August 1, 1919, the union leaders here said they would remain firm for retroaction to January 1, 1919.

The strike, according to reports was chiefly effective in the middle west and southeast. In the latter section 35,000 men laid down their tools union officials said. All over the country, and especially in the middle West union locals were voting tonight on the strike proposal. Tomorrow will see a big increase in the number of men on strike, union officials believe.

The local unions had disregarded the advice of their international officers at Washington, who have been conferring with the railroad administration and who yesterday instructed the men not to strike. The request for increased wages from 68 to 85 cents an hour for machinists and from 46 to 60 an hour for helpers, was made th efirst of the year, the union men said.

In the Chicago district alone more than 100,000 men are directly affected according to union officials, and they claimed that all the men had dropped their tools.

Washington, Aug 2.—Officials of the railroad administration look to the international officers of the six shop drafts to settle the strike of shopmen in the middle West and South. Under an agreement made Thursday between the union officials and Director General Hines, the men were to remain at work pending consideration of their demands, Mr. Hines consenting to enter into a national agreement covering working rules and to take up immediately demands for increased wages.

Instructions to the men not to strike were sent Thursday by the union officials after the agreement had been entered into.

BANK FOR CLARENDON

At the semi-annual meeting of the Clarendon Citizens Association held Monday evening, Dr. Frank M. Stone reported that he would be one of twelve citizens to contribute $5000 toward the erection of a bank, four others volunteering to join him. It was agreed to establish a bank with a capital of $100,000, and L. C. Sherman was appointed head of the committee.

RANDALL "DRY" BILL

Would Stop U. S. Citizens Drinking In China

American citizens residents in foreign countries where treaties grant extra territorial rights to the United States would be punished for violating the prohibition constitutional amendment under a bill introduced Thursday by Representative Randall (Prohibitionist) of California. Mr. Randall said he understood a California concern was erecting a $2,000,000 brewery in China.

RIOTS IN SHANTUNG

Honolulu, Aug. 2.—Serious anti-Japanese disturbances are reported at Tsi Nan Fu, capital of the Province of Shantung, China, according to cable advices received here yesterday from Tokio by the Nippu Jiji, a Japanese daily newspaper.

The cable added that the commander of the Chinese garrison had declared martial law.

RIOTS COME TO AN END

Chicago Passes First Quiet Night Since Sunday

Chicago, Aug. 2.—With State troops in full control in the "black belt" of Chicago, the rioting that terrorized that section for four nights was pronounced by State and city officials "at an end" yesterday.

Two more victims of race riots died yesterday, bringing the total number of deaths to 34, with about 1500 injured.

One policeman was killed and 26 injured in battling with the rioters.

Five of the injured policemen may die.

The total of the injured has not been oficially tabulated, but is known to be more than 300 and may exceed 500, as many slightly hurt went to their homes without reporting to the police.

Adjutant General Dickson said yesterday that the situation was well in hand, and that while the embers of race hatred were doubtless still smouldering he feared no further outbreak. However, field commanders of the 6000 State troops in the riot zone were under orders not to rlax their vigilanc and to "act promptly and decisively" at the first indication of a renewal of the outbreaks.

During the night several calls were made for troops at points within the zone, and in some instances shots were fired, but quick response to the summons led to suppression of the altercations.

Gradually the disposition of the soldiers throughout the area led to its complete investment, the men being stationed in the vacant buildings, halls and such other places as were available for housing. The night developed no serious disorders.

Leading negro residents have started the work of reconstruction. A circular issued by them is being distributed by thousands. It reads:

"Attention. Law-abiding Citizens —The rioting is over, so go back to work and help the police keep the situation in hand by not congregating on the streets. Avoid all inammatory remarks. Obey the police orders.

PROCTOCOL GOES TO THE SENATE

Wilson and Lansing Letters Accompany Treaty Explanation

TERMS MADE TO HUNS

Razing of Helgoland and Other Details in Memoranda Submitted to Senate.

Washington, Aug. 2.—The protocol to the German peace treaty, defining explanations of the treaty agreed to in memorandums exchanged between German and Allied plenipotentiarics, was laid before the Senate yesterday by Vice-President Marshall. The documents were transmitted yesterday by President Wilson but too late for submission before today.

The protocol was accompanied by explanatory letters from President Wilson and Secretary Lansing. The protocol and the correspondence were referred to the Foreign Relations Committee.

Among the provisions in the protocol is one requiring German Government to transmit to the Allied and associated government within one month after the treaty becomes effective a list of persons who are accused of having committed acts in violation of the laws and customs of war.

Another paragraph provides for the apointment of a commission to supervise the destruction of the German fortifications in Helgoland in accordance with the German treaty.

Provision also is made that "proceedings be taken against persons who committed punishable offenses in the liquidation of German property" in the Allied countries and the protocol says the Allies and associated powers will welcome information or evidence the German Government can furnish on this subject.

PRIMARY TUESDAY FOR STATE OFFICES

State Senator and Representative For Legislature to be Chosen

LITTLE INTEREST HERE

Oliver and Meetze For State Senate —May, Collins and Jesse For Legislature.

A democratic primary will be held Tuesday for the purpose of nominating a state senator to represent the fourteenth senatorial district which embraces this city, Alexandria, Fairfax and Prince William counties and also for the purpose of nominating a candidate for the state legislature to represent this city and Alexandria county.

The candidates for state senator are Walter T. Oliver and C. J. Meetze. Mr. Oliver is from Fairfax and Mr. Meete is from Prince William county.

The fight for the state legislature is a three cornered one. The candidates are: John W. May and J. W. Collins, this city, and Charles Jesse, of Alexandria county.

The campaign in this city thus far has aroused but little interest, although the candidates for the state senate have been in Alexandria recently working hard in the interest of their candidacy and the indications are that a larger vote than was at first expected will be polled Tuesday.

A larger vote will be polled in Fairfax and Prince William counties than there ordinarily would be owing to the fact that a number of local offices are to be filled.

TANNER SMITH AVENGED

Gangsters Kill One and Wound Another of Band Alleged to Have Shot Him.

New York, Aug. 2.—"Gang law" has avenged the death of "Tanner" Smith. Last night Robert "Rubber" Shaw is in the morgue. George Lewis his "buddie," is in a Hoboken hospital with two bullet holes in his back. The underworld decided they were the ones who killed Smith earlier in the week—and Smith's gang "got them" 'round midnight Thursday night.

"They beat us to it," Assistant District Attorney John F. Joyce said tonight. "There are two laws which operate in the underworld. The law of society, which we seek to uphold, and the law of the gang. To send a man to the electric chair is not according to the code of the gang. The gangster hates a squealer. And he gets no satisfaction having the State settle his accounts. There are no stool pigeons or snitches among them. But their law—vengeance—is as inexorable as the laws of the statute books themselves."

The slayers of "Tanner" Smith were marked men from the time they shot him at the Marginal Club a few days ago, Joyce declared. Both the police and the "gang" were on their trails. Working independently, the gangsters located Shaw and Lewis first. In a dark alleyway of Hoboken late Thursday night the debt was settled.

POLICE STRIKE FAILS

London, Aug. 2.—At 9 o'clock last night the general verdict was that the policemen's strike is a failure.

Those who started it have been summarily dismissed and will not be reinstated. The strike was called as a protest against a bill passed in the house of commons forbidding policemn to form a union.

WILL NOT RECESS

Present High Cost of Living and Railroad Wage Negotiations Are Reasons for Congress Remaining in Session

An urgent eleventh hour representation from President Wilson that the railroad situation is growing critical and that the high cost of living problem demands immediate attention caused the House last night to forego its five weeks' recess which was scheduled to begin today and continue until September 9.

The President's letters to Speaker Gillett and Republican Leader Mondell came as a distinct surprise and aroused great indignation among Republicans and Democrats alike. His promise to submit recommendations for relief from the high cost of living, however, put the Republican majority in a position where it could not afford to disregard the President's request that the House remain in session.

The President recommended the creation of a special board by Congress to consider the matter of increases for railroad employes. An increase of 12 cents an hour for the workers, according to Walter D. Hines, Director General of Railroads, will mean an additional expenditure of $800,000,000 a year.

TIP REACHES WARDEN

Desperate Men Give up When They See Spoons Instead of Forks

Whispered plans for an uprising yesterday noon by more than 300 prisoners in the District of Columbia jail reached the ears of a trusty as he passed from cell to cell Thursday night, and he notified Supt. Charles C. Foster. The uprising was to have begun at dinner time yesterday by an attack on the prison keepers.

The contemplated outbreak was dramatically quelled.

There was a tense atmosphere as the prisoners filed into the mess hall.

Deputy Warden Peak stood grimly at the head of the table, and his attitude, coupled with the unexpected disappearance of forks from table, was evidence enough to the would be jailbreakers that the "jig was up." There was on action. It was planned to use the forks as weapons, it was said.

All the prisoners in the north wing of the jail were to have been involved in the first outbreak. Had they succeeded it was planned to overpower the guards and release the prisoners in the south wing.

All had a delightful evening in games after which refreshments were served.

MORE WATER RENTS

Second Increase of Rents Put Into Operation by the Alexandria Water Company.

Another increase in water rates became operative yesterday with the Alexandria Water Company. Consumers hereafter will pay a flat rate of $12 a year for single spigots. The corporation commission granted this increase some time ago. The original price for single spigots in most houses was $6 a year and the commission in granting practially all of the other increases asked for for raised the single spigot from $6 to $10 and stipulated, however, that after the filtration plant was completed the company would be entitled to another increase of from $10 to $12.

In its decision for rates handed down by the corporation commission under date of August 21, 1918, part reads as follows:

"Upon the completion of the filtration plant and the delivery of a supply of filtered and purified water, the flat rate for all private buildings, stores and offices, with one connection in yard or building without hose connection, shall be $12 a year.

Other rates put into operation by the commission are as follows: Water closet, $4 a year; bath tub, $4 a year; for each set laundry tub, $2.00 a year; for each set wash basin, $1.50 a year; for each hose connection, $3 a year.

DEALING WIT HRACE RIOTS

It is suggested that the race riots in Washington and Chicago had at least one feature in common. Each showed itself to be entirely beyond the control of the municipal police; and each flourished until fairly lareg forces of soldiers were called in to restore order. Then each was abruptly stopped. The police forces showed themselves utterly inadequate to cope with uprisings of serious extent.

The Baltimore News says the amazing thing is that, in the face of the Washington experience, the Chicago authorities, although troops could have been thrown on the streets at a moment's notice, deliberately waited until the rioting had grown more widespread before they sought aid from the men in khaki. In other words, a disgraceful brawling, which could have been stopped almost instantly (as Washington's and Chicago's subsequent experience proved) was allowed to run on merely because of the reticence of municipal officials to admit that they could not control the situation.

"We cannot have anarchy; but there has been for a long time no more direct invitation of it than the failure of the police of two of our large cities to cope with outbreaks and their delay in calling in troops until their own impotency was thoroughly demonstrated."

EUGENIE THE AGED

The Empress Eugenie, the last Empress of France, is slowly losing her eyesight, and it is feared she may soon be entirely blind. Only two months ago the woman who once ruled the French empire, with her husband, Napoleon III, passed her ninety-third birthday at her home on Farnborough Hill, England. Her health is still good and her failing eyesight is her only apparent physical weakness. She tells her visitors that she still believes the empire will be restored in France and that her only wish is to live to see the day when another Napoleon will sit on the throne of France. When she was a little girl a gypsy fortune teller told her she would one day occupy a throne and live to be ninetyfour.

Historians tell us that Josephine wife of the first Napoleon, was superstitious. When she was a little girl living on the island of Martinique, where she was born, a gypsy fortune teller told her: "You will become a queen; yea a great queen." Eugenie, it seems, also believes in gypsy horoscopes.

SMELLING COMMITTEE

Bridgeport, Conn., has an official "smelling committee," the same's duty being to test the breath of a suspected individual and determine whether it is more than 2.75 per cent. proof.

The New York Morning Telegraph says, "in our opinion, Bridgeport is wasting good time, and perhaps good money, on a supererogation. Unless it differs widely from most communities, an 'official' smelling committee is not needed at all. There are, generally speaking, in every city ,or ounty, or township, or block so many volunteers with a penchant for sticking their noses into other peoples' affairs that if detectives or emissaries of authority undertake the job the volunteer and the draft armies of spies are likely to get in to each other's way."

NAUGHTY OLD NATURE

What drinks will be left to us if all with an alcoholic content of over one half of one per cent are taboo? It has ben shown that the supposedly innocuous buttermilk is capable of a degree of fermentation that makes it intoxicating by this standard. Now Professor La Wall, dean of the Philadelphia College of Pharmacy, finds in root beer an alcoholic content of 1.77 per cent. So this familiar beverage, though dispensed at every soda fountain, must come under the ban of the law.

Root beer, like blackberry wine and cherry brandy, was once an article of general household manufacture. If its public sale should be forbidden, the old recipes would probably become popular again. How is even the strictest prohibition law to prevent their use? The beverage which Professor La Wall investigated was home made. Within the danger line at the making, the alcoholic content ran up to .53 per cent in five days, to 1.36 in ten, and a day or two later to 1.77. If root beer is to survive the test fixed by the prohibitionists it must be drunk at once.

"The alcohol," says Professor La Wall, "came from natural fermentation." Nature is an unregenerate old bird. She will produce alcohol —law or no law. But Congress means that her work shall be frustrated, and, of course, it is. In case of cider, the favorite drink of the thrifty farmer. (Philadelphia Inquirer.)

UNREST IN ENGLAND

Declared That Situation May Bring Downfall of Lloyd George Government

The general industrial unrest in Great Britain, which has been seething ever since the armistice seems at the present hour to have reached a point which menaces the commerce of the country with at least temporary disaster. It is considered possible that it may mean the downfall of the Lloyd George government.

The strikes of the past month have been serious enough but they are merely symptomatic of an epidemic of dissatisfaction which appears to prevail throughout the ranks of organized labor. Half a million Lancashire cotton operatives were idle for more than three weeks. Two hundred thousand Yorkshire miners have been on strike since July 20. The Liverpool dockers have paralyzed shipping there for two weeks holding up hundreds of ships of all sizes. The balers have decided to strike.

Ailments of the stomach liver kidney bladder; heart and respiratory organs are relieved, also catarrahal trouble, neuralgia, neuritis, headaches, constipation indigestion, nervousness, female trouble, fits, pains, hip disease, St. Vitus' dance, rheumatism, paralysis, lumbago, sciatica, vertigo, asthma, blood pressure, dizziness, insomnia, gall-stones.

Know the cause of your ailment and obtain permanent relief. Free consultation and spinal analysis.

TERRIBLY SWOLLEN

Suffering Described as Torture Relieved by Black-Draught

Rossville, Ga—Mrs. Kate Lee Able, of this place, writes: "My husband is an engineer, and once while lifting, he injured himself with a piece of heavy machinery, across the abdomen. He was so sore he could not bear to press on himself at all, on chest or abdomen. He weighed 165 lbs., and fell off until he weighed 110 lbs., in two weeks.

He became constipated and it looked like he would die. We had three different doctors, yet with all their medicine, his bowels failed to act. He would catch me, and I got so I castor oil, and drink it two or three days in succession. He did this yet without result. We became desperate, he suffered so. He was swollen terribly. He told me his suffering could only be decribed as torture.

I sent and bought Theford's Black-Draught. I made him take a big dose, and when it began to act he fainted, he was in such misery, but he got relief and began to mend at once. He got well, and we both feel he owes his life to Theford's Black-Draught."

Theford's Black-Draught will help you to keep fit, ready for the day's work. Try it! NC-131

THAT KNIFE-LIKE PAIN

Is Only One of Nature's Warnings of Weak or Disordered Kidneys

Have you a lame back, aching day and night? Do you feel sharp pains after stooping? Are the Kidneys sore? Is their action irregular? Use Doan's Kidney Pills—the medicine recommended by so many Alexandria people. Read this case:

'Mrs. A. M. Madison, 322 North Royal street, Alexandria, says: "I was so bad off with kidney complaint I had to go to bed. My back hurt me as though I were being pierced with a sharp knife. I couldn't turn from one side to the other, but was just helpless. When I was able to get up around at all I had to have help to do everything. I couldn't even lace by own shoes, and I was so nervous my hands would shake like a leaf when I tried to hold anything. The way my kidneys acted showed they were in bad shape. I got Doan's Kidney Pills at Creighton's Drug Store and I was certainly filled with joy before I had used them very long. The misery left me and I felt like myself again."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Madison had. Foster-Milburn Co., Mfgrs., Buffalo, N. Y.

PRESIDENT ENDS PARLEYS

Senator Watson Tells Wilson Treaty Must Be Qualified

With the summoning to the White House yesterday of Senator Watson President Wilson exhausted the list of Republican Senators with whom he desired to discuss the peace treaty and the league of nations. It is not believed any further conferences except with Democratic Senators will be held.

Senator Watson's interview with the President was characterized by amazing frankness. He informed the President:

1—That the treaty will not be ratified unless reservations are made.

2—That he believed the interests of America are of greater importance than those of the rest of the world.

3—That he would not vote to indorse the Shantung award even if all other provisions in the treaty were satisfactory.

Upon the subject of Americanism Senator Watson told the President that he was not in any sense an internationalist and that he was a firm believer in nationalism, especially the nationalism of the United States.

REPORT ON TREATY

Paris Aug. 2.—Ratification of the German peace treaty was recommended to Chamber of Deputies yesterday by its peace committee by a vote of 34 to 1. Two members were absent.

The Polish Parliament yesterday ratified the German treaty and also the treaty for the protection of minorities by a vote of 245 to 41.

HIGH PRICES TO STAY

No Relief is Forecast in Federal Reserve Report

Washington, Aug. 2.—No relief from present high prices is forecast in the Federal Reserve Boards' monthly review of business conditions issued yesterday, which notes that July saw increases in many lines.

"In general" the review said, "there is a disposition to accept present price levels and to expect a continuation of the prevailing level for some time to come."

In many districts high prices have not served to check demand, but the possibility of obtaining goods was found to be of greater moment to the buyer than the price fixed. On the other hand, the board said, the "very great" price increases which have taken place in certain lines have made buyers more cautious, care being taken not to increase unduly stock acquired at the present price level for fear a decline might occur.

Continued high prices, along with constant growth in trade, both wholesale and retail, and increased activity in some of the basic industries, sustained confidence in the industrial situation and led to expansion in many lines. Almost the only complaints heard concern short age of raw materials, and in a few districts labor troubles, although a majority of the districts report normal labor conditions.

"Instead of a fear of unemployment which had been expressed during the early part of the year," the board said, "the reports received manifest the fear of an impending shortage of labor."

The exodus of alien workers was blamed in part.

The agricultural outlook on the whole was reported favorable with indications that the cotton crop would be much shorter than previously indicated. Manufacturing continues active, marked advances in prices having occurred in cotton goods, with many mills oversold. Export orders were said to be large. Raw wool still is in heavy demand and revival in building has continued.

Turning to the financial situation, the board declared that while speculation continued at an unprecedently high level an investment demand for stocks has revealed itself, selling to the withdrawal of an unusual amount of shares from the market. The banking situation was reported sound, credit and collection conditions good and failures small and few.

BANS PERFUMES

Are Substituting for Intoxicants, Is West Virginia Claim

Charleston. W. Va., Aug. 2.—Sale of such toilet preparations as contain a high percentage of alcohol has been prohibited by the State Tax Commissioner until a drug can be agreed upon which will be placed in the compounds to make them dangerous for use as beverages, according to a statement issued today. This has been brought about by the fact that since the nation went dry many who have been arrested for being intoxicated have told the courts they had been drinking different brands of toilet water which have a high percentage of alcohol.

It is reported here that hundreds of thousands of dollars worth of perfumes and other toilet articles are tied up in the hands of drug stores and other dealers of the State because of the ban placed on the sale of this class of goods by the State Prohibition Department. Until this order was issued dealers in these articles were reaping a harvest from their sales.

BILL SEGREGATES

"Jim Crow" Cars Provided for District of Columbia in Measure

Race segregation would be enforced in the District of Columbia under a bill introduced in the House yesterday by Representative Caraway, of Arkansas.

The Caraway bill would authorize the District Commissioners to set apart certain sections, streets, blocks or parts of blocks in which negroes only should reside. In similar fashion other streets and sections would be designated in which members of colored race would not be permitted to reside. Regulations for the enforcement of this bill would be left in the discretion of the District Commissioners.

Representative Caraway also introduced a bill providing "Jim Crow" cars in the District of Columbia.

ADMITS VIOLATING ACT

John E. Swaney, Greensboro, N. C., Held in $500 Bail.

Danville, Va., Aug. 2.—John E. Swaney, of Greensboro, N. C., who was arrested here recently on a charge of violating the Mann act, pleaded guilty to the charge before United States Commissioner Meade Flynn Thursday evening. He was offered bail of $500, but not having the money he went to jail. His case comes up in October.

Rosa McDowell, the girl who accompanied Swaney here, reiterated her early statement that Swaney had induced her to come to Danville to work, and making other admissions, after which Swaney confessed. He said his wife ran away with another man and that he joined the army. He appeared in court in uniform, and on his sleeve was a gold wound stripe. He said he earned this when a Hun bullet caught him in the knee when he was "bucking" the Hindenburg line with the One Hundred and Fifteenth Field Artillery, Thirtieth Division.

The young woman was sent by the Salvation Army to a rescue home in Greenville, S. C.

NOW IS THE TIME

To Build Up Permanently. Nature at Its Best as an Aid.

If you who are weak, nervous and run down from over-work, worry of any other cause would only realize that the summer months is the time to build up strength and vigor there would not be so many collapses and rushing for aid during the winter.

The plan to follow is simple: plenty of rest and good wholesome food along with a strength-creating body- building tonic, Chasco-Vin with its Iron, Manganese, Hypophosphites, Nux and other strength making ingredients, is the tonic we suggest.

If you follow this plan carefully you will notice a wonderful improvement in two weeks time. But don't give up too soon.

The Local agent for Chasco-Vin is Edgar Warfield, Jr., King and Pitt Streets.

Alexandria, Va., June 2, 1919.

In line with our progressive banking methods, and to meet the demands of our patrons, we are installing on July 1st, an up-to-date Safe Deposit Department, under the personal supervision of one of our officers.

This has been made necessary from the fact that a large number of our depositors owning Liberty Bonds and other securities desire a safe place for their keeping.

It is our plan to enlarge the number of Safe Deposit Boxes, and make a rental charge to meet the operating expenses of this Department. This charge will become effective July 1st, 1919, and a bill will be sent out at that time to the holders of boxes, and if any desire to make any change we will be glad to have them call before the bills are rendered for the ensuing year.
